THE TAILORED EXPERIENCE

a Tailored Image Newsbrief

From Mill to Man: The Journey of Exceptional Fabric

Every great garment begins long before it reaches the tailor. It starts in the mills - where tradition, craftsmanship and innovation come together to create the world's finest fabrics. When you wear a beautifully tailored jacket or suit, you're experiencing a journey *from raw fiber to refined fabric, from mill to man.*

At Tailored Image, we work with renowned fabric houses such as Loro Piana, Vitale Barberis Canonico and Dormeuil - mills that have spent generations perfecting their craft.

The Art of the Mill

While tailoring shapes the garment, fabric defines its character and its texture, drape, durability and comfort. Many of the finest mills are in Northern Italy and England, where centuries of expertise guide the selection of premium materials like merino wool, cashmere and silk.

From spinning to finishing, every step is controlled with precision, resulting in fabrics that look exceptional and perform beautifully.

Icons of Excellence

Great tailoring isn't about making clothing tighter. It's about balance and proportion.

Loro Piana sets the benchmark for luxury, known for rare fibers, unmatched softness and elegant drape.

Vitale Barberis Canonico, founded in 1663, blends heritage with innovation to produce balanced fabrics that are both refined and durable.

Dormeuil combines classic British elegance with forward-thinking textiles, offering both ultra-fine wools and modern performance fabrics.

Craft Meets Cloth

Exceptional fabric sets the foundation, but tailoring brings it to life. The way a garment moves and fits depends on both the textile and the skill behind it.

At Tailored Image, we guide clients in selecting fabrics suited to their lifestyle, climate and personal style, *ensuring every piece is as functional as it is refined.*

A Tradition Worth Wearing

Fine tailoring is more than clothing, it's the continuation of centuries of craftsmanship. *From mill to man, exceptional fabric transforms a garment into something truly remarkable.*
